as of August 1, 2019
SCREENING WINDOWS

Beginning of the Year: September 3-13, 2019
Late Fall: December 2-13, 2019
Winter: February 24, 2019 - March 6, 2020
End of the Year: May 22 - June 5, 2020

The late Fall window allows for refinement of student growth projections. This enables interventions and personalization of learning to be provided as early as possible, and to be embedded for students whose second semester schedules may need to be adjusted.

The following assessments will be completed in each window:

All Students in K-2
(Students will transition to STAR Reading & STAR Math individually, when deemed to be “probable readers.”)

All Students in 2-10

Students in grades 11-12 who receive interventions and/or those who have related IEP goal(s) will participate in all benchmarking in their identified area(s) of need.
